Simplifying Electronic Component Sourcing From Design to Delivery

Nuvonix by Rebound drives to disrupt the electronic components industry by providing an alternative to the traditional supply chain model. Offering Designed solutions with dedicated electronics and engineering support from globally emerging brands to fit your PCB supply chain needs.

De-risk Your Supply Chain

Discrete (Semiconductor)

Diodes, Transistors, MOSFET, IGBT, Silicon Carbide SiC, LEDs, TVS

Semiconductor (IC products)

Linear, Converter, Interface, Power Management IC, Op-Amp, Comparator, Isolator, Driver, Optocoupler, Transceiver

Attractive Lead Times in Standard and Allocated Markets

Electromechanical

Relay, switch, fuse, fan

Passive

Inductor, Choke, Transformer, Capacitor, Crystals, Resistors, Potentiometer, Varistors, Thermistors, GDT

Price Competitive vs. Tier 1 Incumbents

Capacitor

Electrolytic Capacitor, Film Capacitor, Ceramic Capacitor, Tantalum Capacitor, Polymer Capacitor, Supercap

Interconnect

Different connectors

Convenience & Flexibility

Our international offices and services exist to offer convenience and flexibility to our customers. We work with CEMs, ODMs and OEMs located around the world and with hugely variable requirements.

Our local offices with a single point of contact backed up by applications engineering, technical support, global supply chain, regional logistics and client servicing mean that we can offer you whatever you need, when you need it.

SIMPLIFYING ELECTRONIC COMPONENT SOURCING FROM DESIGN TO DELIVERY

The Franchised distribution division within the Rebound Group work offering second source alternative manufacturers to aid customers in de-risking BOMs, lead-time reduction, and procurement material cost reduction, building a more resilient supply chain.

Request a sample in 3 easy steps:

Locate the part number using our search tool

Fill out the sample request form

One of our team will work on the request and be in contact
